Fireplace Insert Design Guide

choose your *fire*

**Start designing your fireplace insert
by choosing your favorite flame**

pattern. With more than 125 years of experience in the gas industry, we create gas fireplace inserts that bring wood-burning realism into your home. And through that history, we've designed and engineered advanced burners that efficiently offer unique flame patterns.

NOTE: burner types vary by model

FIREIN

The FireIn™ design uses the latest fireplace technology to create an unparalleled level of realism. Flames dance around and through hand-painted log sets to enhance the authentic look and feel of a wood-burning fire.

TRADITIONAL

The Traditional flame pattern adds depth and drama with its two-tiered burner that shifts effortlessly from gentle flames to a roaring fire. Glowing embers enhance the realism, while a variety of log sets let you bring your style to life.

TIMBERLINE/DÉCOR

This line showcases a modern look and a lower heat option that lets you enjoy the fire year-round. Choose from Timberline log sets like birch or driftwood to Décor options such as river rock or shimmering glass.

your style your way

Mendota gives you so many ways to customize your fireplace insert, the possibilities are endless. **Authentic log sets** and **contemporary fire media** put the flames on center stage. **Fronts and doors** from Mendota frame your fire in finishes that enrich your unique style. **Interior linings** make your Mendota fireplace insert as engaging to look at when the fire is off as when it's on. At mendotahearth.com you can explore all of your design options and build your own fireplace to fit your exact style.

design yours now

The possibilities are practically limitless. Now is when you get to design the perfect gas fireplace insert to your exacting standards.

- **Flames**—Whichever burner you choose, whether internal, stacked two-tier or flat single burner, you'll create a fireplace that captures your attention.

- **Logs & Media**—Our log sets are modeled after the real thing and then meticulously hand-painted to capture the look of a variety of tree species. While our more contemporary media includes a variety of glass and rock styles.

- **Fronts & Liners**—Create your fireplace insert from a variety of fronts with different finishes, shapes, sizes and widths, and surround the firebox with a liner that's either brick, metallic or non-reflective.
